Contents

1	Introduction	1
2	Conclusion	2
A	Appendix	V
B	Electronic appendix	VI

1 Introduction

Bishop (2006) introduced this and that. Another statement that needs a reference, but the authors are not named directly (Bishop, 2006). Another statement where the reference is just one possible source (see, e.g., Bishop, 2006).

2 Conclusion

A concise summary of contents and results

A Appendix

Additional material goes here

B Electronic appendix

Data, code and figures are provided in electronic form.

References

Bishop, C. M. (2006). *Pattern Recognition and Machine Learning*, Springer.

Declaration of authorship

I hereby declare that the report submitted is my own unaided work. All direct or indirect sources used are acknowledged as references. I am aware that the Thesis in digital form can be examined for the use of unauthorized aid and in order to determine whether the report as a whole or parts incorporated in it may be deemed as plagiarism. For the comparison of my work with existing sources I agree that it shall be entered in a database where it shall also remain after examination, to enable comparison with future Theses submitted. Further rights of reproduction and usage, however, are not granted here. This paper was not previously presented to another examination board and has not been published.
