# Chapter 1

## The first chapter

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout, Root mean squared error (RMSE). The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English (Smith et al. 2022)

### 1.1 The first section

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words etc.

Figures which span 2 columns must be placed at the top or bottom of a page. Captions should follow each figure and have the format used in Figure 1.1.

## 1.2 The second section

Aliquam nec dictum mi, ac interdum justo. Integer tempor leo nec pellentesque tristique. Aliquam rhoncus ornare ante condimentum lobortis. Donec tempus nisl eu nisi iaculis varius. Nullam maximus dapibus malesuada. Cras suscipit aliquet magna, nec euismod leo lobortis eu. Nulla ultricies dictum urna nec suscipit. Suspendisse pretium fermentum ligula et tempus. Fusce feugiat congue odio et commodo Table 1.1.

## Results from Measure Theory

Here'll we'll discuss some important results from measure theory which are essential for our subject. We already defined what is an  $L^p$  function in a given space Chapter 1.
